ORGANIZE YOUR NEWSLETTERS

In times past we offered a Newsletter "Cover Set" consisting of two attractive cover pages, two heavy plastic protective covers, and a Table of Contents for barely over cost...plus postage. The response to this offer was moderate, not the expected stampede! But I then organized my own personal issues *after* 1988 into two more binders, and I am amazed that I hadn't done this before, after all it *was* my idea! The resulting three "organizers" were every bit the ready-reference I anticipated. With the T/C in the first binder, it is a breeze to zip through it to look up an article, then pick up the correct binder and turn to that article. Beats the heck out of going through stacks of loose Newsletters, sometimes more than once, to find a story I knew I had! **I have now placed a FIFTH cover set on my shelves**. **—ER**

With the materials offered here, you will be able to organize your *PLVS VLTRA Newsletters* into a set of reference binders. In four plastic spine assemblies you will store 24 years of the Newsletter thru 2006 in a chronological fashion. In the fifth, you can begin collecting the 2007 & 2008 issues right now...with room for 2009-2012. Each organizer holds six volumes (years) of letters, the first including the Table of Contents. Organizer #1: the 1983—1988 issues; #2: 1989—1994; #3 the issues for 1995—2000; and Organizer #4 holds the 2001—2006 issues. Now, Cover Set #5 lets you start organizing the 2007-2012 issues. As long as they are supported on each side, these five organizers can stand up on your bookshelf along with your other important references. For my own set of newsletter organizers I inserted index tab pages between each volume (year) of issues and wrote the year that follows the tab in big characters.
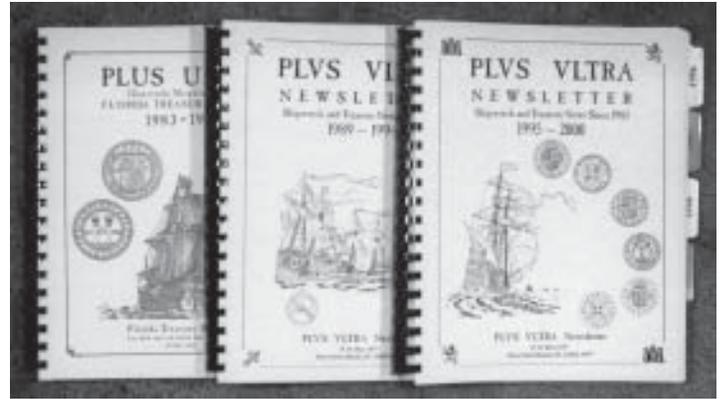

We now offer five Organizer Kits, each with the two 80# parchment-toned cover pages, plus two heavy-duty clear plastic protective covers (all pre-punched), and a black 1-1/2-inch plastic spine (comb), ready for assembly (instructions included). INDEX TABS ARE NOT INCLUDED.

OK #1's cover is the original design of Florida Treasure Brokers with a departing galleon and sketches of both sides of a two *reales* from Mexico, ca. 1556; this one will hold the Newsletters of years 1983-1988 plus the T/C (sold separately). OK #2 holds Newsletters of 1989-1994 and its cover design depicts two arriving galleons, an astrolabe, and two sides of a four *reales* from Panama, ca. 1580. OK #3's cover is decorated with a departing fleet of galleons facing coin sketches of the early silver and gold coins from the Colombian mints, and it holds the 1995-2000 issues. (See photo.) OK #4's cover (below photo) is decorated with a sketch of a grounded galleon with inquisitive natives approaching in dugouts; coin diagrams of early Santo Domingo and Mexico are arrayed. OK #5 (2007-2012) displays coins from Mexico and Peru, encircling two galleons nearly becalmed. **If you already have the first four sets, then it will only be necessary to order the fifth.**
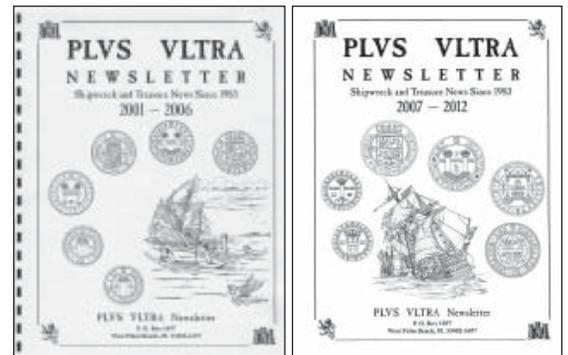

NOTE: YOU WILL NEED ACCESS TO A GBC OR IBICO BINDER MACHINE...OR A COPY CENTER!
