EN RADA Publications is proud to announce the next Series of Booklets for the Divers, Researchers and Writers needing some "groundwork" information before seeking their "Own Shipwreck". This Series divulges much about the identification of Artifacts discovered on Spanish (and other) Shipwrecks found in New World waters. VOL-1 is described above: 48 pages, 5.5" x 8.5"; balance of Volumes on page-2. **IN STOCK NOW!**

PLVS VLTRA Newsletter published most of this vital information during its 34-year existence, reaching over 1,200 readers. What **EN RADA** has done is to organize these articles into 48-page "handbooks" containing a more organized collection of "info-data" for your use, based on the "Shipwreck Artifacts" installments published periodically (as we learned it) over our newsletter's lifetime. **LIST Price is \$12.98 per Volume. A Special Discount is Planned for buyers of ALL FIVE, and a Dealer's Discount is likewise anticipated!**
